Secure and flexible iPaaS solutions deliver agility and scalability for ecosystem integration

SEEBURGER Gains Recognitions in 2022 for Its Integration Platform as a Service

08/02/2023 – Bretten, Germany – SEEBURGER is pleased to announce its success in 2022 as an Integration Platform as a Service provider, having garnered recognition by industry and market analyst firms for its integration platform services in the cloud. Last year, in addition to receiving accolades from [GigaOm Radar](#) for hybrid integration and automation, and from [Forrester](#) for API integration and API management, SEEBURGER began a technology partnership with [Odette International](#) to provide integration and standardization solutions to the automotive industry.

Most recently, SEEBURGER was named as an Honorable Mention in the [2022 Gartner® Magic Quadrant™ for Integration Platform as a Service, Worldwide¹](#).

"SEEBURGER's unique 'start anywhere, use anything, connect everything and deploy anywhere' approach delivers fast time-to-value and the agility and scalability needed for smart business growth. We are excited to offer secure and flexible iPaaS solutions that connect and automate IT ecosystems to help our existing and new customers grow efficiently in 2023," said Ulf Persson, SVP Strategic Product Management and Analyst Relations.

"For 2023 and beyond, we intend to continually improve the SEEBURGER integration platform as part of our overall strategy and commitment to our customers and business partners to provide real value by focusing on their business pain points and using our technology to connect, automate and accelerate their business," said Michael Kleeberg, co-CEO of SEEBURGER AG.
